

“Before we would set the thermostat at 72 and were always cold. Now it’s set at 68 and **we’re always warm!**”

Alan and Sandy Sutton

ABOUT THE SUTTONS’ HOME:

- Wood frame ranch, 1400 square feet
- Built around 1955
- Their home for nearly 25 years

THEIR ENERGY ISSUES:

- Constant draftiness in all rooms of the home
- High energy bills
- “You could stand in the middle of the room, and feel the wind blowing outside.”

WHAT THE PROGRAM DID FOR THE SUTTONS:

- More than \$1000 in rebates
- Professional advice on energy efficient practices
- Reduced electric and gas bills
- Drastic improvement to comfort level throughout entire home
- “We’re saving money on our electric and gas bills — that’s gotta make anyone happy!”

“We are amazed by how much more comfortable we are in every room of the house. We used to feel constant drafts, but now the house is airtight and warm—even on the coldest winter nights!”

BetterBuildings for Michigan uses a community approach to deliver energy efficiency improvements for homes and businesses by providing access to incentives and affordable loans. The program is supported by the American Recovery and Reinvestment Act (ARRA) and developed by the Michigan Energy Office; Michigan Saves; the City of Grand Rapids; the Economic Development Corporation of the City of Detroit; and the Southeast Michigan Regional Energy Office.
