What is "Mbps" and how much do I need?

Mbps, or megabits per second, is the speed of your Internet connection. Higher Mbps speeds will load web pages more quickly, allow more devices to run on the same connection simultaneously, and enable fast download speeds for all applications.

To track your internet data usage login to:

<http://myaccount.wyan.org/>

- Basic 6 includes 150 data/mo.
- Turbo 100 includes 1.5 Terabytes data/mo.
- Turbo 150 includes 1.8 Terabytes data/mo.
- Turbo 200 includes 2 Terabytes data/mo.

Wyandotte Cable Turbo 100 or faster internet service is required for the VU-IT platform. To use VU-IT app for streaming on mobile devices requires Wi-Fi. If you currently stream video or use Netflix, data usage would be the same with the new Wyandotte Cable advance set top box. Third-party monthly subscription is required for some apps. Exceeding allocated monthly Data limits may result in a nominal \$0.10 per Gigabyte additional charge.
